

Dear Supporter of Protestant Reformed Special Education,

The Board for Protestant Reformed Special Education is thankful to God for the privilege of educating our covenant special needs children in our Christian schools where His Truth is taught. We believe that the power of the Holy Spirit is able to work the Truth in the hearts of all of our children, regardless of their limitations. We strive to provide each special needs child the opportunity to attend and thrive in a Protestant Reformed School. It is with great joy that we have seen more and more of God's special needs children given a place in our schools, thanks to your support. We are also thankful to continue to share in the privilege of providing financial aid to resource rooms in our schools.

The cost of giving our special needs children a place in our schools is high and therefore we humbly ask that you once again consider sharing in it, as part of the body of Christ. With great appreciation to you, our supporters, and with great joy we report that last year's drive goal of \$385,000.00 was exceeded with receipts of \$449,460.57. We give thanks to God for these gifts! This year's total budget is set at \$693,615.97. **In order to fund this budget, we have set a goal of \$385,000 to be collected in this year's deficit drive.** The balance of income will come from tuition, gifts, and church collections. We pray that, by God's grace, we may once again reach our goal for this school year and that you would consider this cause in your giving. Funds this year are budgeted for the following schools:

Resource/Discovery Rooms:

- Adams CS - \$13,746.15
- Covenant Christian High School - \$15,133.95
